I want to thank each and every one of you for coming out here tonight, to arm yourselves with knowledge about a tool that's being covertly used to usher in what Adolf Hitler and george bush term New World Order. That's mind control. I've enjoyed talking with quite a few of you earlier this evening. Pertaining to how mind control has affected some of you or some of your loved ones. Mind Control is very prevalent in this country and around the world. These criminals that are in control of our country, operate and the philosophy that secret knowledge equals power. Many government secrets and personal reputations were staked on the belief that I could not be deprogrammed to remember those things that I was supposed to forget. They were wrong. For as intelligent as these perpetrators are. They're limited in their thinking by their own morality. They don't have wisdom, they don't think deep. And they never considered the strength of the human spirit. They never considered what would happen when a good man like Mark Phillips gained knowledge of their secrets, and use them to restore a mind rather than control one. I know that I'm extremely fortunate to have survived. My CIA MK Ultra White House Pentagon level, trauma based mind control victimization. Now that I'm in control of my own mind, and ultimately my free will, I'm telling, I'm telling everything that I witnessed and saw and heard and photographically recorded behind the scenes of this new world order effort. By telling their secrets, their power is eroding. I also speak out to give voice to the many, many mind control victims and survivors out there who can't think to speak out and tell what they know and what they've endured. I speak out for the sake of my daughter, Kelly, who's now 16 years old and is is a political prisoner, and the custody of the state of Tennessee where she's been denied any rehabilitation due to the political excellence of her abusers. She's counting on Mark and I to get this word out on her behalf. For Kelly's sake, and for your sake, Mark and I have gone to great lengths to document the facts and

the truths that are listed in our book transformation of America. Transformation of America is self published, Uncensored, so that you can have the facts that you have a right to know and a need to know. These

truths have been covered up and kept from all of us for a long time under a blanket of so called national security. This is the same blanket of national security that has prevented us from obtaining justice. Despite the extensive evidences and documentation we have we have over 27,000 documents and evidences. Government insider testimony medical records, more than enough evidence for any legal procedure in this country, including congressional but this blanket of national security has stopped us from obtaining justice. It's time for truth to prevail. It's time that these truths were brought to light for the sake of humanity as we know it.

begin by defining mind control. My my experience, I realized that my experience was extreme that the extensive total robotic absolute mind control I endured is more limited than the kind of mind control that is proliferating in society. Mind Control has kind of a sliding scale where we Got the total robotic mind control on one side. And you've got mind control that's proliferating, such as in the in occultism in this country, or global education 2000, where children are losing their freedom of thought and their ability to critically analyze. There's so many different aspects of society that are affected by mind control in varying degrees, it's imperative that this information get out. And as I explained, my victimization, is certainly can be applied to all different facets of mind control and mind manipulation. And as Mark and I've heard so many, many times from people who have read the book and heard us speak out that this is a thread that's tying things together, all of a sudden, this whole new world order's making sense the erosion of constitutional values, that the erosion of morality in this country, all of a sudden, it begins

to make sense when we learn about mind control. I was born in 1957, in Muskegon, Michigan, to a multi generational incest based family. This means my father was sexually abused as a child, my mother was sexually abused as a child, and they were sexually abusing me. My father sexually abused me as far back as I can remember. And I've often heard him say that he'd began substituting his penis for my mother's nipple, while I was still an infant. I tell you this, so that you can understand that my sexuality was confused infancy, it was put into an area of my brain that much like survival, like eating and drinking would be. I tell you these, these facts so that you can be better armed and understand what's happening. And society and name names Mark and I named names in our book transformation of America not so that I can say, Well, I was in the White House was so and so I mean, I missed the whole glamour part. But this is so you know, who the problem is, and where these problems lie. The sexual abuse that I was enduring was so horrific that I developed dissociative identity disorder. This used to be termed multiple personality disorder. And I'm so glad they've changed it to dissociative identity disorder because it really more aptly describes the compartmentalization that occurs when a person endures trauma, that is literally too horrible to comprehend. Even though I couldn't understand that what my father was doing was morally wrong. The pain and the suffocation of his abuse was so extensive, that I developed associative Identity Disorder, it certainly was incomprehensible, there was no place for it, in my mind to deal with such horror. Therefore, I developed a compartment in my brain, a little area behind amnesic barriers, that was actually the neuron pathways shutting down in my brain, in order to compartmentalize the memory of the abuse, so that the rest of my mind could function normally as though nothing had happened. So if I'd see my father at the dinner table, I didn't remember sexual abuse. But as soon as he unzipped his pants, the part of me that part in my brain that knew how to deal with that horrific abuse, the neuron pathways actually physically opened up. So that that part of my mind could deal with my father again, and again and again as needed. I certainly had a lot of experiences within that compartment that that dealt with my father's abuse. But I didn't have a full range of perceptions, I was very, I had a very limited perception, a very limited view. Therefore, I'm so glad it's not termed personality anymore. I developed another compartment in my brain to deal with my mother's abuse. Her abuse was primarily psychological. She suffered from dissociative identity disorder herself, and I don't hold her accountable for her actions, the way that I do my father who was fully aware of what he was doing.

09:17

My mother, in spite of her inability to control herself, destroyed any remnants of self esteem that I might have developed, and her abuse was so horrific, that I developed another compartment meant in my brain just to deal with my mother. I developed another compartment to deal with the child pornography that my father was subjecting me to. He

was earning his living as a warm digger on a sixth grade education and supplemented the family income with child pornography that was being distributed through the local Michigan mafia pornography ring. At that time, there's a criminal faction of our government that was interested in talking Targeting children such as myself for mind control, because this compartmentalization of memory was something that they deemed ideal for keeping government secrets. After all, if I couldn't think to remember, how could I tell about it? additionally, people who suffer from dissociative identity disorder develop a photographic memory behind those amnesic barriers, because the brain has a defense mechanism that when trauma occurs photographically records, events surrounding trauma. And an example of this would be that, that many of you who are who are old enough to remember when john f kennedy was assassinated, most people know exactly where they were and what they were doing, because this was an event that traumatized the nation. And this exemplifies how the mind photographically records events surrounding trauma. So behind these amnesic barriers, I had a photographic memory which the government deemed ideal for programming. That way I could deliver messages to and from government leaders, or in my case, also drug lords, who were who were involved in funding the black budget and funding the the New World Order controls. They're interested in programming me so that I would deliver the messages verbatim. When I delivered messages. I delivered exactly what I was told using the voice inflections of my abusers, with no conscious comprehension of what I was even saying, was just a tape recorder just parroting out exactly what I've been told. Another aspect that the government was interested in as a dissociative identity disordered person, I had no concept of time, because I was going from compartment to compartment compartment of my brain with no memory of what had happened before. Therefore, I had no ability to even keep track of time and a concept of it was just absolutely impossible. And it's also makes for, if I didn't know what I was doing earlier, I wouldn't know to be tired while I was overdoing something else. Therefore, a person who's been suffering who suffered from dissociative identity disorder had extensive physical endurance, just superhuman strength and ability to keep going and going and going and going. dissociative identity disorder, persons also developed 44 times visual acuity. Very often, that's why you see them wide eyed with the whites around their eyes, because they're actually taking in more of their surroundings than the average person 44 times more detail than the average person sees. That certainly makes them perfect marksman for mercenary operations or for intelligence in different areas that the government was interested in and developing mind control. I was the chosen one or a prime candidate for mind control because of the sexual abuse that I had enjoyed my sexuality had been enhanced. Therefore I was used as a sex slave, and also delivered messages to and from these government leaders at that time, because the government, this criminal faction of our government was so interested in dissociative identity disorder persons, they knew that any child that was subject subjected to child pornography had to have endured trauma so horrible that they had to be suffering from

that disorder. Therefore, this criminal faction of our government sanction this child pornography ring, so that they could identify a target children such as myself for the project. At that time, the politician, local Michigan, politician, mafia politician, the politician who is protecting this myth, this Michigan mafia pornography ring is a guy named Gerald Ford.

14:15

This is the same Gerald Ford that went on to become the first unelected President of the United States. Gerald Ford, I never perceived his political affluence I only perceived him as another abuser like my father because Gerald Ford also sexually abused me as a child and sexually abused me right on through my mind control victimization until Mark rescued my daughter Kelly and I and 1988 Gerald Ford is not a pedophile per se. He's what I refer to as trisexual. He'll try anything. Any age, anybody anytime, anywhere just as long as he had control because he had a perversion of power. In addition to his interest in mind control, therefore, it was Gerald Ford who came out to our house and explained to my father how to raise me in the project, according to government specifications. My father had been caught sending this child pornography through the US mails. And therefore he was approached and told that if he sold me into that project, that he would gain immunity from prosecution. My father remains free from prosecution today for so called reasons of national security. My father thought it was just absolutely wonderful. And immediately sold me into the project. He felt like the government condone child abuse. So did I. I certainly felt like the government did. And my father went on to have five more children to raise in the project. So there were seven of us and all the rest are still awaiting freedom. Once my father agreed to sell me into the project, I was taken routinely to Mackinac Island, Michigan, which is a political retreat where the Michigan governor's mansion is located. It was a bohemian grove of sorts where politicians met and discussed New World Order controls where they discussed mind control, mind control of the masses mind control in the school systems, how to use the cultism as a trauma base. One of my sexual abusers at that time was the Prime Minister of Canada. Pierre Trudeau. Pierre Trudeau is a professed Jesuit. Now, the Jesuits are an intelligence arm of the Catholic Vatican. There's a criminal faction within these Jesuits. I'm certainly not saying all Catholics are bad, nor am I saying all CIA is bad or all politicians, there's good and bad and everything. But nevertheless, Pierre Trudeau represented this criminal faction of the Catholic Church of the Jesuits who believed in mind control of the masses, because they wanted to be the one world church and the New World Order. The money that was being brought into the church was funding New World Order controls. And he firmly believed in mind control. Another sexual abuser of mine was then Michigan senator and later US Congressman guy Vander jagged is the same guy Vander jack that one had went on to head the republican national committee that put george bush into the office of President

Mackinac Island, Michigan, when I was 13 years old, that I was dedicated to the senator who had become my owner in this mind control project. That's US Senator Robert C. Byrd. Senator Byrd is a democrat from from West Virginia. And again, as you'll notice, as I reveal any names that this doesn't have anything to do with party lines, Democrats and Republicans, both are involved, because it's not about party lines. It's about who's for new, the New World Order and who's not. Nevertheless, Senator Byrd had been an office as I've been alive, he's still in office today. He's had, he's been a head of our Senate Appropriations Committee, which means he held the purse strings of our country. He decided where money would be spent. And I know from from having witnessed and experienced and saw so much behind the scenes, the senator byrd was appropriating money and directions that would allow for New World Order controls. Not only that, but my father for having sold me into this project was was granted and a lucrative military contract for making camshafts for military automobiles. And my father became extremely wealthy on a sixth grade education.

19:10

Senator Byrd as my owner would decide where I should go, when, what operations I would be forced to carry out during the reagan Bush administration. What places I should be taken specifically for mind control programming. Senator Byrd directed all of my activities. Also around that time, I'd made my first communion in Muskegon St. Francis de Sales church, haven't made my my first communion I also endured an extra ritual after that, that was referred to as the right to remain silent as our it as an ritual. This involves congressman Vander jack and the head of our church at that time of father Don. And they subjected me to an occult blood ritual. This was so horrific. It was a reversal of the Catholic mass, it confused my mind. Because when a person is operating on a subconscious level, because they're so traumatized that consciously there's no place for for what they're enduring, the subconscious mind has no ability to discern and to question and to reason, the same way that the conscious mind does. And this reversal of the Catholic mass into occultism, just made it all seem to run together, in my mind was absolutely horrific. This blood ritual was so horrible that my mind readily accepted the mind manipulation that I endured afterwards a hypnotic language, the neuro linguistic programming, Mind Control programming, that actually changed the way that my brain was functioning. So that, you know, that part of my brain that I said, would open up to deal with my father's abuse again, and again, they changed that so that they decided when, where and how that particular compartment of my brain would be open to the access. And they replaced the triggering mechanism with hypnotic codes, keys and triggers hand signals. There's also phone tones that can also open those neuron pathways and give access to the compartmentalised memory as well. They replace that at that time. And this was with this right to remain silent. I also had a silence in my head after

that, because up until that time, I heard it was just my own voice. But I heard my voice arguing back and forth, back and forth with all these different perceptions and different from the different compartments in order that I could formulate some kind of a decision about things. I remember before the right to remain silent that I had, I had some free thoughts of my own, and I had hoped for a place in the world where people didn't abuse each other. I had hoped to have 10 children that I knew would be at least 10 children in this world that weren't abused. I'd hoped for those things, but with the right to remain silent. I lost my capacity, my ability for freewill thinking, I lost my ability to even hope anymore. I lost all freewill entirely. It's right to remain silent silence this argument that always went on in my head and instead all I ever heard from that point on was the voices of my abusers directing me telling me exactly what it was I was supposed to do. That could robot only robotically follow those instructions and carry them out. By the time by time I was ready for high school senator byrd ordered that I be sent to Muskegon Catholic Central High School. At that time, there was an enormous emergency of information. The Catholics had long since learned that the effects of trauma and the human mind they'd learned it and kept records of it for for for so many years. With such things as the Spanish Inquisition, and other aspects where people who didn't follow the belief systems were wiped out. The Crusaders had also recorded a great deal of information pertaining to trauma in the human mind. This information was being merged with the Hitler Himmler research as the CIA had had taken and had been advancing on the combination of the merging of the information was very powerful. And Muskegon Catholic central was a place where this information was being brought together with the Catholic central that the

23:57

the very basis the very groundwork for Global Education 2000 was being implemented. This is goals 2000 outcome based education. There's there's many different names for the program that's being implemented in our school systems is being forced on our children by the federal government. Global Education 2000 was designed to increase our children's learning capacity, while decreasing their ability to critically analyze that way they would just readily accept whatever they were told without any question and just just take all the information in a Catholic central I got it. I got straight A's I did really good in school because I was photographically recording everything in class. I endured a cult ritual in the school chapel as did numerous other students in the school. I certainly wasn't the only one. As a matter of fact, By that time, I've really thought the whole world was involved. And in this kind of abuse by then my whole environment was saturated with it. This occultism this, this, this trauma, created the photographic recording of all that I learned in school, of course, I had no ability to critically analyze it or to creatively use it in

any way, but the information was sure in there. I was while I was at Catholic central that Gerald Ford went into the office of President. I had been conditioned by that time to believe that I had no place to run and no place to hide. This is a phrase that that's used to lock in mind control, victims of varying levels. There's no place to run, no place to hide, we're watching you. I certainly felt like I had no place to run a no place to hide, who would I turn to I couldn't turn to my parents. I couldn't turn to my church, couldn't turn to my school, couldn't turn to the local politicians. And now I couldn't even turn to the President of the United States. I truly felt locked in, which is exactly what they wanted for total control in my mind. Of course, since then, I've learned otherwise. And Mark wisely taught me while I was in the deprogramming process that I did have a place to run. So right at them, and I had no need to hide. Obviously they do. By the way, they're covering up other acts for the national security blanket. After I graduated from high school, Senator Byrd ordered that I'd be transferred to Nashville, Tennessee, Nashville, Tennessee was heavily involved in mind control at that time through the country music industry. And above all, the the proliferation of CIA cocaine operations within the country music industry were already in full swing. The political corruption in Tennessee was just all the way to the top. The country music industry provided a cover for mind control slaves like myself to be taken around the country, to the various places as designated, and also to distribute and deliver the large quantities of CIA cocaine that was coming into the country. was my experience that the CIA is so called war on drugs is no more than the CIA eliminating the competition as they take over the drug industry worldwide.

27:40

They took their war on drugs to our street corners and turned our streets into a bloodbath. Country music industry was provided the cover for distributing the cocaine. So Senator Byrd wanted me to be within the country music industry. Besides that, he fancied himself an entertainer of sorts and he fiddled around the Grand Ole Opry from time to time. When I was first sent to Nashville, he was playing on the opera that night and he had a musician behind him a guy named Wayne Cox. Wayne Cox later told me that playing music behind senator byrd wasn't the only way that he backed him, but that he backed and politically as well. After the opera that night, I endured an occult ritual again, occultism is oftentimes used as a trauma base for mind control, who can comprehend that kind of a trauma, blood rituals absolutely horrible. And it's a perfect trauma base for mind control for the compartmentalization of memory. I witnessed Wayne Cox murder a railroad bomb down at Nashville's Union Station it was abandoned at that time and there were there were bumps around and he shot him right between the eyes and cut off both of his hands, which was Cox's mo for murder.

29:04

After this blood

29:07

ritual, horrible trauma. I was programmed that Wayne Cox would be my first handler and MK Ultra mind control as my handler. When Cox would find what follows senator Byrd's directions and instructions, and above all, he would be subjecting me to more trauma sufficient to satisfy the numerous compartments senator byrd wanted developed in my brain

29:35

for mind control programming programming so that I could carry out various operations during the reagan Bush administration. I endured numerous occult rituals. After that Wayne Cox at that time was working directly under the direction of Louisiana senator J. Bennett Johnston and he took me to his hometown Chatham, Louisiana. J. Bennett Johnston at that time was heavily involved in mind control operations because he was running a band of mercenaries out of Louisiana. At that time this band of mercenaries were going in and out of South America. There was a lot of arms deals going on, there was an end. And most importantly, when the airplanes would fly these guys down to South America, they would come back full of cocaine, which was being distributed on our streets. Wayne Cox was triggering these mercenaries into operation by showing them a severed hands from another one of his victims, which trot re traumatize them into the occult ritual that they had already endured and access a specific compartment of their brain. And he told them, that Jay Bennett Johnston wanted them to give him a hand and carry out a certain operation, he would then give the instructions and the guys would follow him through. So J. Bennett Johnston was was heavily involved at that time, in 1978, and it was determined that I had endured sufficient trauma to carry out my first trial run operation. An enormous quantity of cocaine had been flown in on one of these operations that was to deliver it into the neighboring state of Arkansas. By that time, Bill Clinton's drug operation was in full swing, he was governor of Arkansas. And I delivered this cocaine to a remote airport in Washington forest, which I've since identified as main airport. I also delivered a little packet of information and a small quantity of cocaine a personal stash from Jay Bennett Johnson to Bill Clinton. I delivered it to Bill Clinton, and he cut out two lines of coke and he did inhale

32:11

certainly wasn't the only time I saw Bill Clinton using cocaine. My sexual experience with Bill Clinton was extremely limited, in spite of the fact that I was a sex slave was my experience that Bill Clinton is bisexual leaning far more towards the homosexual end, all I've ever seen him involved in with the homosexual activity with very limited experience with him myself, whereas my experience was much more prevalent with Hillary Clinton, because Hillary is also bisexual leaning more towards a homosexual and and it was she who accessed my sex programming to fulfill her perversions. Around the same time, J Bennett Johnston subjected me to some other mind manipulation that involved instead of an occult theme, an alien theme. Now these these, these guys were who are manipulating my mind and programming for mind control purposes, claimed and these criminals in control of our country as well claimed to be gods, demons and aliens in order that I feel totally helpless, and are that I felt like they were beyond my realm to a fact. And it certainly worked at that time. Jay Bennett Johnston told me that he was an alien. He told me that he had been part of the Philadelphia Experiment. And when the ship disappeared, it came back a spaceship. This is in keeping with kind of an air water mirror theme that NASA uses quite frequently a reversal because again, the subconscious mind doesn't have any reasoning capacity. J Bennett Johnson Ben showed me there's his general his office at General Dynamics event top secret stuff. Here is this triangular stuff that wasn't in any of the school books wasn't being talked about anywhere. It wasn't out in the newspapers or anything else. It was being withheld was still a top secret weapon system. But I saw this triangular stealth, it looked like a spaceship to me. I've never seen anything like that. And everything that Jay Bennett Johnson was doing and he was involved in certainly was alien to me. So it was easy for me to accept the idea that what was happening was in fact being perpetrated by aliens. I'm not saying that there's no such thing as aliens. be foolish for me to even even say anything like that at all. But what I am saying is that my It was my experience that these were people claiming to be aliens. If we if there's a reality out there pertaining to any alien influence, we need to sort out the government misinformation and disinformation and mind manipulation techniques that they're using. I know for a fact that the plan is to make all of us feel totally helpless. That what's happening is beyond our realm to affect because we've been taken over by aliens, that our independence day is dawning. So be aware of that. Understand that those criminals have been keeping information and technology from us under the blanket of national security. They are 25 years ahead of us, at least technologically, can you imagine what they've got now? 25 years ahead, what's happened, what's happened that you're aware of in the last 25 years, microwave ovens, we've got computers, computerization, and they've had access to all of that to continue their their own advancements. They're way ahead. So when they say it's aliens, aliens, and they show us some incredible technology. Don't, don't fall into the trap of feeling totally helpless, that this is beyond our

realm to affect. superstition begins where knowledge leaves off. And they have been keeping knowledge from us for a long time. People have all kinds of belief systems, and I'm sure each and every one of you has various different belief systems as well. Regardless of what your belief system is, it is imperative that you know that these criminals are people that are within our realm to affect they need to be held accountable for their actions and their crimes against humanity.

37:24

1980 and my daughter Kelly was born. She was born directly into the MK Ultra mind control project and a much higher level, a more sophisticated technological level than I was subjected to. In addition to trauma, she was subjected to harmonic mind control programming on NASA installations literally since birth. For for her brain that had a chance to form. As soon as Kelly was born, Senator Byrd figured I'd been traumatized enough by that time and order that would be transferred back to Nashville, Tennessee to carry out operations during the Reagan administration. But being within the country music industry, we had a second handler his name was Alex Houston. Out Alex Houston is a ventriloquist stage hypnotist in the country music industry. Above all, he carries out criminal covert CIA operations to fund the black budget and the certainly included bringing in large quantities of cocaine and distributing them through the United States, Canada. He was working at that time and provided a cover for me to be taken throughout the United States, Canada, Mexico and the Caribbean, for these criminal covert operations, as my handler he took me to various military and NASA installations for mind control programming for specific operations that I was forced to participate in. These operations that I won't have time to get get into tonight are detailed in our book transformation of America. And they involve such leaders as the president of Mexico at that time, de la Madrid and vice president Salinas. It was my experience that in in 1984, there was a there's a CIA trauma base, near death trauma center that's located in lampi, Missouri. It's called the Swiss Villa amphitheatre, and it brings certain involve country music acts in to bring large quantities of cocaine are in our bring the cocaine up for distribution, because lampi Missouri is just across the Arkansas line and is very much a part of Bill Clinton's cocaine operation and it was in full At that time, it's also interesting to note that this lampi, Missouri operation is where the country music industry was more conveniently relocated, you know, right there and Branson, so there'll be closer to Clinton's cocaine operations. lampi, Missouri was placed where I heard george bush and Bill Clinton talking were from from the point of view I had, they certainly were friends, and they didn't recognize any party lines between them. That's something for the, you know, a smoke and mirrors illusion for the public. It's not something they adhere to, because they had exactly the same agenda. And that was for bringing in this new world order. I heard george bush talk and at that time he was talking to, to Bill Clinton. And I've since

photographically recorded it and wrote it verbatim in our book that when the American people became disillusioned with Republicans, leading them into the new world order to Bill Clinton, as a Democrat, was going to be put into the office of President This was decided in 1984, actually had heard about it even prior to that, but that, as of 1984, they were already discussing it is an absolute fact, it was also discussed, and the groundwork for NAFTA. that by the time george bush went into the office of president that Salinas was going to become president of Mexico, and they together would be bringing in the NAFTA, which was the beginning of New World Order controls. I was forced to participate in the criminal groundwork for NAFTA, the opening of the Juarez Mexican border to the free trade, free trade of drugs,

41:46

free trade of our nation's children. absolutely appalling the criminal roots of NAFTA. Again, this is detailed in in the book. But it's interesting to know that these political moves had already been decided way back when. And as I deprogrammed and as, as I was, Oh, it was really something to me to find out people didn't know about this stuff. And it was so obvious to me, I didn't realize that, that people weren't aware, and had bought into some kind of smoke and mirrors illusions of what was going on and never thought to look behind the scenes to what was really going on. But I understand good people don't think that way. They don't have criminal minds, they don't think to look for that kind of criminal activity. Just like these guys are limited in their thinking by a morality, good people are,

42:44

are

42:45

kind of blinded from from that kind of criminal activity until their eyes are open to truth. This criminal activity that was going on at that time. The people that were involved, were following directions from George Bush. I don't purport to know at all. I don't purport to know that george bush is at the very top of all this, but he is as high up as I knew. It was my experience that ronald reagan answered to George Bush, not robotically, not undermine control, but willingly because george bush was respected for what he knew about bringing in the New World Order, consider his past. George Bush first began with the United Nations. Then he went on to head our CIA. Then he ran our country through three administrations that I'm aware of the Reagan administration, his administration and the Clinton administration. Because Reagan and Clinton both answered to him. Mexican

president de la Madrid answered to him and knew that Salinas was was to be coming into power and Salinas had more influence in Mexico at that time, then then de la Madrid that as far as my experience was concerned, also, Saudi Arabian King Fahd followed orders from George Bush as did the Prime Minister of Canada Brian Mulroney in 1983. I heard Ronald Reagan and Brian Mulroney discussing the New World Order. Senator Byrd to act in the capacity of a pimp and prostituted me to Reagan and I was president this with this White House cocktail party. Now Ronald Reagan, certainly provided a wonderful smoke and mirrors illusion for all of us. For those of you who don't want to believe that he's involved in this, he told you he's an actor. And he did a real good job of it for a long time. That was his role. That's what he was supposed to do. Nevertheless, I heard right Ronald Reagan, Italian Brian Mulroney that he believed the only way to world peace was through mind control of the masses. I know from experience, there's no peace of mind undermined control. And I wonder at a world peace, where people don't have peace of mind. Mind Control, the ramifications of Mind Control are far reaching. Because I also know that under mind control, there's no free thought. Without free thought, there's no free will, without God given free will. There's no soul expression. What kind of a world peace can we have without any free will or any soul expression without any spirituality. Mind Control needs to be exposed in order that people maintain their freedom of thought, in order that people maintain their free will, and have that spiritual expression because of spirituality. When people have soul and spirituality, they're going to be acting in a capacity of love anyway, that is where World Peace is not.

46:24

By 1988, I've been forced to participate in numerous operations against my Well, all of which I certainly would never have never have done. I guess if I had had any part of me that was willing to do anything like that mind control would not have been necessary. I'm appalled at what I was forced to participate in. But I am relieved that this information is getting out that people are passing the book transformation of America hand in hand, hand to hand so that hand in hand, we can take back our country. This information is information that you have a right to know and a need to know and they're controlled medias are not going to suppress truth. Truth prevails.

47:25

In 1988, Mark rescued my daughter, Kelly, and I couldn't think to escape I couldn't think to save my daughter anymore than I could think to save myself. And all those whose childhood hopes and dreams were certainly certainly hadn't hadn't come to fruition. When Mark rescue Kelly and I, we didn't have any ability to even hope for good people we

didn't know they even existed, we didn't have a capacity to trust anyone. It wasn't within our realm of experience. I couldn't think to reason that Mark was a good guy. But I'd seen him with his animals. And even though I didn't have any ability to consciously reason and Kelly didn't have any ability to consciously reason things out, or to think things that we had this extra sense developed, we sensed things very strongly. After all, when you consider that we use what 10% of our brain, we'd been, like blasted into other parts of our brain. And these parts of our brain are real perceptive. on what's considered, I suppose, psychic levels. By some definition, when we had a sense for things kind of like the animals did, and we noticed that the animals love mark, he had these raccoons that he'd rescued, he had three raccoons, and they all loved him. And they, they hug them and they wrap their arms around his neck, and they pat it on his face, he kissed them. And you know, that was really a neat thing for us to see because we had only seen our animals abused. We lived on a farm, we had lived on a farm and we had a dog dogs and cats and horses and cows and guineas, and chickens and all kinds of animals, all of which Alex Houston, tortured or killed, to keep us in line to you know, if we didn't do this, this would happen to our pet and we loved our animals. Please bear this in mind that people who abused children, oftentimes abuse animals. If you see someone abusing an animal, keep your eyes open, look further, make sure those kids are safe. I've never seen an exception to this rule. Not that there's not one out there somewhere, but I've never seen an exception to it. So it was it was very telling to us that these animals love mark. Additionally, when he came in and rescued us I mean, we were we were under the gun of the CIA everything was very precarious, to say the least. I was 30 years old, I was supposed to be killed, as most mind controlled slaves are at the age of 30. Besides, I was considered too old for sex. By that time, so I was supposed to be wiped out. Hit Mark came in and rescued me from certain death and rescued my daughter from a fate much worse than death, and took the time to rescue our animals. He packed up all those cows and horses and guineas and chickens and loaded them up on these, these different trailers and everything and brought them to safety as well. This had a profound impact on Kelly and I, we certainly developed an ability to trust right there. And then mark took us to the safety and serenity of Alaska. Since we were saved for the first time in our lives experiencing love for the first time in our lives, memories of our past began flashing on our minds screen. As these memories flashed, and I started to remember what had happened to me. And to my daughter, particularly during the reagan Bush administration, I became enraged, I was enraged at what my daughter had been through the torture that endured and what the plan was for humanity as a whole. I'd have been blinded by that raged, immobilized by that rage, and but learn from Mark's wisdom and telling me that the best revenge is total recovery. Because through total recovery by photographically recording all those events I could expose these people for exactly what they are, for what their plans are for what I witnessed behind the New World Order, be able to get help for my daughter who is in desperate need of help at that particular time. So I began writing out my memories by

writing out my memories, I used a different part of my brain and verbalizing. it bypasses emotion. bypassing emotion was very necessary for logically making the incomprehensible comprehensible for understanding and grasping what had happened to us and what could be done with that information.

52:24

Kelly was not so fortunate, because of the harmonic programming that she'd endured. Remembering the traumas, and deprogramming the program, did not allow her access to all parts of her brain as it did me she still needed some technological equipment to help her recover she needed to actually have those neuron pathways vibrated back open with with harmonic equipment. Therefore, she went into Humana Hospital in Anchorage, Alaska in intensive care unit. She suffered horribly at that time. And responded only to some psychological intervention and not to any conventional medications, Kelly was actually suffering respiratory failure. Because mind control has advanced to the point where they know the ins and outs of the brain and the mind so well, that they know how to program not only the subconscious, but to go into the primitive mind, the very area of our mind where blinking, breathing and circulatory heartbeat all that is regulated, and they could go in there and put death programs in place with my in my daughter's case was respiratory failure, so that in the event that she ever had caused to remember which they never expected could happen. But in espionage, that that can happen. We've heard of that where the brainwash and where they'll have the memory access, so they wouldn't have have to take the old cyanide pill anymore like like they used to, like spies used to. Instead, they would just simply go into respiratory failure, circulatory failure, and

54:15

no information

54:15

would be released at all. There was no chance of the information getting out that way. Since my daughter was being raised to be was genetically and mind control being brought up to be an espionage. She had that program in place and it went into effect because of the medical attention that she needed. She was she became quickly thrust into the illegal and immoral custody of the state of Tennessee, where she remains today. The violations of laws and rights proliferated in her so called legal case where extensive we had one clean district attorney that went in and told the judge that he was violating constitutional rights and and human rights My daughter's case and cited lie after lie after lie, um, and judge

interrupted him and said, but laws do not apply in this case for reasons of national security. This certainly raises the question, What does national security have to do with a documented, validated and proven rape and molestation of a child's mind and body?

 55:37

For Kelly's sake, and the sake of so many other mind control survivors out there, we need to lift this veil of national security, we need to repeal the 1947 National Security Act.

 55:59

This is a national security is threatening the security of our nation when it covers such crimes against humanity is mind control, when it covers up the CIA's so called war on drugs, when it covers up the selling out of our country, to New World Order controls.

 56:22

That's a national security that has nothing to do with a security of our nation.

 56:33

national security has kept information pertaining to mind control for all of you for far too long. We've got to get this information out. We've got to arm others with knowledge on mind control, because knowledge is our only defense against mind control. We need to get this information out in detail so that we can all be more effective, and our particular areas have taken back our country, and ultimately taking back our world. For Kelly's sake, for the sake of all the other mind control survivors and victims that I know are out there. There's many, many of them. And for the sake of humanity, as we know it, it is truth that sets us free. Please help us spread the word. Thank you.

 57:45

Thank you all.

 57:54

Jonestown, it was an M K Ultra project. But now that's right out of the Government

Printing Office, right out of the fly. You can you can get this information just like I did. And you can look in this in the book. And you will see government headings from the Freedom of Information Act, Government Printing Office of various investigations done by Congress and 93rd Congress and then fifth Congress, and so on and so forth. And if you go to your library and access those under those headings, you will come up with this information. But let me give you a little information about Jonestown, in French Guiana. The property for Jonestown, that the money came through a Mexico City Bank. And it was traced directly to the Central Intelligence Agency. Jonestown was not a mind control project. Mind Control had long since been perfected. Jonestown was a biological weapons project. And the worst part about this whole thing is there's two other projects twice the size that have been going on that were going on in 1977. And they're still going on today. Now, that is very much reminiscent of the house of prostitution for little children that were being used in Washington DC that you read about and even in your local newspapers anymore. Yeah, birdcage liners. Thank you. But there was a house of prostitution that these congressmen were using that was using little children in there. Well, nobody ever thought to ask what happened to the little children that were being used. I'll tell you they will move right down the street, two and a half blocks away to three other houses of prostitution that still operate to this day.

59:56

It's interesting note that Wayne Cox idolized Jim Jones He also idolized Charles Manson. This is the same wine Cox is down there and Chatham Louisiana and a cult serial killer who is immune from prosecution right now he's free for reasons of national security. What is the name of the Jesuit order you spoke about? Their I mentioned in the book that they refer to themselves, not only the Jesuits, but this all of them at the top of this new world order pyramid as the order of the rows.

1:00:31

Please discuss the connection between the New World Order and the dominant network media. For example, ABC, NBC, CBS, CNN, etc, etc, etc. Information control folks is mind control. Need I say more? What you hear? And what you see is all you have to base your decisions upon. were being brainwashed. monarch and MK Ultra program started in 1953. Do you see what I don't know that? I didn't know that monarch project started in 53. I be very interested in knowing how whoever asked me this note knows that. If If you want to speak to me later, do you see any connections between government and satanist? Now I see a direct correlation between satanic activity as well as blood traumas and other horrific types of abuse that is used as a part of their religious belief. But I don't downplay

the subject of Satanism. It's just that when you say aliens, did it, demons did it. I can't do anything about a demon, I can't do anything about an alien, I can do something about a human being that says their demon and says they're an alien. And you all can affect those kind of folks too. But I don't know of any way to go after a demon. And I don't know any way to go after an alien. And I'm not saying there's not aliens. And I'm not saying there's not demons. But I want to tell you all some every single patient up until about 1982 that was presented with dissociative identity disorder, or back in those days MPD or multiple personality disorder was diagnosed with demons and they went right off the edge. And if that didn't get them the How do you met How does that make you feel? Got him? Or your session is up? Yeah, then when they were right in the middle of an AB reaction that's re-experiencing the trauma. So the poor patient was either was either going to be subjected to a exorcism by a religious a good intention, in most cases, a religious person or an exorcism of sorts from their therapist, because they didn't have any other information. They didn't know what they were looking at. They didn't realize the brainstem was scarred very much like they have multiple sclerosis. And that you can get people to retrain the brain through right through the auditory. But you can't say let me get that demon out. Or, oh gee, I hope the alien doesn't come get you tonight. Because you're reinforcing program. So no, I'm not downplaying Satanism, I'm not downplaying any sort of religious belief. What I am downplaying is a belief that it's something other than human beings.

1:03:28

How much mind controllers in the mass media for example, last year, there's no such thing as black helicopters. As of last month, everybody knows the military has black helicopters. Mind manipulation in the media is is extensive. And they're controlling us by controlling our information, the same way that they're controlling children through the information that they're being fed in the school system to answer another question. Yes, it is in our school systems now. And the computers have actually been changed where the history has been altered. And and, and people like Thomas Jefferson even left out of history and order that our children were brought up with socialistic values. So just as our children are being manipulated in the school system, all of us are being manipulated through the media's we need to be especially careful that when trauma occurs in this country, that we're not losing any more of our freedoms that our freedoms aren't eroding further, because they know that the traumatic effects on your mind are making you more susceptible and more suggestible and receptive to whatever controls they want to implement. So we need to be very alert to this and very aware of it.

1:04:38

Here's a good question. are many FBI and CIA personnel in the mind control? I've heard they are. These are incredibly good question, Joe. And I'm going to answer this question in the best way. I know how, I don't personally know anybody under my control working for the CIA or the FBI. I know a lot of them that are under information control. I do know this, that the CIA and the FBI recruits Mormons with favoritism who have just come off of their mission. Thank you. Now, these gentlemen are very receptive to taking orders. They are highly suggestible. And they are ones who I know are being manipulated. There is a disproportionate number of Mormons in both the FBI and the CIA did not find that to be an indictment of the Mormons. Matter of fact, we'll be in Salt Lake City speaking on the 13th of November, addressing a number of concern Mormons because of this very subject.

1:05:52

Staying in the religious aspect care. What do you think of Linda bloods book the new sightedness? Could you talk about Michael Aquino and his mo? Yes, absolutely. Michael quinto is a primary Mind Control Program or of mine. Linda blood is is by the way,

1:06:09

he's a litigant too he Sue's everybody that ever talks about it, including Linda blind learning Linda but except us. Now he got on national television said yeah, I know that mark Phillips, he is going to be the destruction of all organized religion in this country. Well, now there is an indictment.

1:06:29

Michael Aquino is the founder of the occult temple have set this proliferating on our military basis. He is with the psychological warfare division

1:06:39

was was

1:06:40

was with the psychological warfare division. His some of his power is eroding thanks to the exposure that he's getting through people like Linda blood. And it was my experience with Michael Aquino that he does not believe in the power of sight and he does not believe in

spirituality at all. That's not a part of what he does. What he does believe in is the power of trauma on the human mind and the compartmentalization of memory through high voltage stun guns.

1:07:07

How does mind control work? whoever asked me that question, I hope they bought a book. For people able to see beyond my control once their control, then it wouldn't be mind control. It'd be foot control, or hand control or finger control or eye controls, no conscious thought there's no conscious awareness, under mind control, you cannot think to get out of it. There's no reason to get out of it. Because you don't even think that you're being abused. You don't think that's the simplest analogy I can give you. You are a reactionary robot. How do you get deprogrammed

1:07:48

with love?

1:07:49

Well,

1:07:50

a lot of patience.

1:07:51

The modality for doing that is in our book, it's a 15. Step one, and no therapist can legally do it. I can, and I'm not doing it anymore. How can the hack on the powers that be haven't killed either of you? Two reasons. How many people in here believe in God by those that have your hand up know half of the reason. The other reason is we followed a very careful path to the proverbial barn. We did not make some of the mistakes that some of our predecessors have. For instance, in the ns law case and others, it's not that I'm any smarter. It's just that I listen well. And I know how to trust Therefore, I know who to trust, even those that I've not seen.

1:08:52

Another another reason to would be they've got so many fires to stomp out now. People bring in truth out that, you know, we're just we're just one of many And besides, so, you know, stopping us is not going to suppress the truth. Were you ever at Bahamian club in Northern California? Yes. There's a chapter in the book pertaining pertaining to Bohemian Grove and some of the meetings that went on there between the politicians and and world leaders that were were involved. That's a place that needs to be exposed for exactly what it is.

1:09:32

Okay, when I run into the same things over and over again, I'm gonna, I'm not gonna read it. They're all excellent. Someone asked, considering the things you've seen the places you've been wired, still alive today. I can tell you from personal experience, even though I can't tell you all the places I've been. I wonder how I'm still alive today. But her that it remains a total mystery to me and it always will. Now her body bears the scars. She had Some of the things that they can take away they can deny, like Mr. Byrd. If he were undressed before Congress in the nation, there are things he can deny, and Mr. Cheney as well. But there are undeniable scars that this lady carries that are not on her mind. They're on her brainstem all over her body 1000s of stun gun scars and a vaginal mutilation. that defies the worst horror story you can imagine. Now, those are things that people don't do to themselves. Now I had a I had a CIA boy, who was pulling himself off as an enforcement officer with the DEA who was on assignment to US Customs in Florida that should have been tip off. He said, you know, epi, I believe she had that done herself. I said, Of course she did with a pocket knife, moron. I said, How in the world would anybody even find anybody evil enough to do something like that? And I tracked it down. It's an ancient Egyptian practice taught to Michael Aquino. And I understand from her that he is alleged to be the one that told her handler, Alex Houston, how to use carving knives to do it. he bragged that he was a carver, he carved people.

1:11:32

Can you please elaborate on Ronald Reagan's involvement? Oh, yes, I could for a long time. I wish we had more time. And he tells her in the book,

1:11:40

I need to bring up ronald reagan situation. A number of us, you know, I've got my wall in

my office covered and invitations from Ronald Reagan from George Bush. And some other presidents one I don't even want to mention that I was invited to dinners and inaugurations and all sorts of things, through my relationships with people in the community in the State Department. When I heard this information, I wasn't shocked about Ronald Reagan, because when I was with Ampex Corporation, in the early 70s, Ronald Reagan was governor of California. And he was in big, big trouble, because he had encouraged a MK Ultra mind control experiment to be instituted in the Vacaville prison here in California. And it made the Congressional Record. And Ronald Reagan is the governor, that was the only governor of any state in the United States that got caught instituting trauma based, chemical based frontal about me, and so on, and so on, and so on, and so on mind control in our prison systems, and now it is rampant. As a matter of fact, this is the one set that you can get more information out of Congress zone than any of the rest of them. Is there any link between the homeless homosexual prostitution ring found operating out of Barney Frank, a few years ago and your topic tonight? I can't say that I can have the authority on this. But I talked to a bunch of psychologists and psychiatrists, one of which was privy to some medical documentation on one of the children that came out of that. And the answer is 100%. Yes, it's connected.

1:13:36

Remote Viewing being done by various former military men such as Madrid, Danes and Courtney Brown compare with your mind control. It's all under the guise of MK Ultra remote viewing anything. I was part of the Duke studies in 1967 and 68. Working with the paranormal, most of the people I saw was, at that time, Soviet origin. Matter of fact, I didn't know we had a cold war going on. I really didn't. I mean, it was a huge exchange of information. I was constantly sitting down at the table with KGB agents. And they were identified as such, and handed me cards, cards, KGB cards. I couldn't even understand the first time so my handmade cards Well, this is an to me. He said. He said, Do you have a car? Who is Kelly's

1:14:33

father? That's the several several times Wayne Cox was Kelly's father. He was her father because genetically they wanted her to have the capacity to be able to kill because she was being brought up in espionage for for those kind of purposes. But it's interesting to note I think David Ike a dear friend of ours, stated stated eloquently that just as knowledge is neither good nor bad. It depends who has control of it. But at the same token genetics for as powerful of an influence they are they are not stronger than the human spirit. Kelly's Kelly's soul is just so beautiful and her loving capacity is enormous

and that the love that she operates from is extensive. And she wants this information out for humanity's sake. So in spite of the genetics of of who Kelly's father is, she's absolutely a beautiful, beautiful child.

1:15:27

How did you get the number of operatives in this country? asked me that question. I got the answer to that three ways. There's a catalogue company called Budapest out of Washington. That's a catalog of spy books. And ours will soon be in it, hopefully. And there's a number of books in there. I can't remember the title now. But the New York Times also reads a catalogue and orders those books. They're done by stock, oil, and everybody every other name you can imagine. And Philip Ag and Philip ag I don't I don't have a lot of respect for at all. Except for one thing. George Bush stood up on national television said he hated more than any man on earth. Just couldn't help but love the guy.

1:16:22

You say in your book, that mind control slaves are permitted any drug except marijuana? Why? So excellent question. The effects of marijuana

1:16:31

on the brain are not conducive to mind control. Does that mean you can be traumatized and put under mind control it just means it screws up the programming.

1:16:41

Because it actually opens neuron pathways in the brain, it expands thought, I'm not going to stand here be speak pro marijuana because milk is about to be putting into my car. poppin me boy. But I am anti anti marijuana because we see all these ads on TV and everything. And even even dole and Clinton in their campaigns are saying with adults that guns violence and marijuana. You know, it's as if it's so violent, because it is not conducive to mind control, they wander off the streets more than they want their drugs, like cocaine off the street. Marijuana is especially targeted. I don't promote the use of marijuana as a band aid for mind control. Because, again, knowledge is our only defense against it.

1:17:27

Tell us about the Congress what men and women who are helping you

1:17:32

do right.

1:17:35

I'll tell you, one, Bob Clement, grew up with him. Matter of fact, when his father was governor, I used to go up with him and my member, I was highly traumatized by something I saw at the governor's mansion, which I'm not going to tell him because we didn't anything to do with him. But there are a number of we've got a number of playing congressmen and congresswomen that are helping us from behind the scenes. That's part of that 50% equation that we're still here. The information that we released, we released to every member in Congress at the same time. And I had four congressmen, one in particular hand carrying every one of these packets to the respective Congresswoman or Congress man, that took a lot of effort on there by F and a lot of nerve. Since at that time, I did not have all that information validated. But they had received information from members of the Justice Department and from US Customs that Cathy O'Brien was a valid case. And that they were able to validate more than half of what was what was in that packet. George Bush was handed a packet and George Bush he nasty with me. He said, I threatened his life, which is farther saying the truth goes, the congressman that delivered it haven't been a lawyer, as most of them are, unfortunately. And he he'd read this stuff, and they were trying to everywhere on earth indicted me for everything you can imagine. But about bottom line was this. This particular congressman said that he were a sandwich and before before the news media, if that was going to be the case. So the FBI and the Justice Department just humiliated me made me come in and get my finger. So you guys got my fingerprints more times in a criminal? I said I work for the community for for the Defense Department. I said why don't get it what war we just need a fresh picture when you see my mother.

1:19:34

Pay special attention to those members of Congress who believe that you have a right to information. There's an ongoing effort right now to repeal the 1947 National Security Act because they know that you need this information.

1:19:54

Doesn't matter who wins the election cleaner though. I didn't think so until I went to Arkansas and Oh, I wish I could tell you what I found out. Yes, it does make a difference they want Clinton in, I guess because they want to prove that there is a real such a phenomenon as a revolving door

1:20:12

in and out. What is your relationship with Mark and why did he rescue you those details are going to be in our
